Boyd Vorhees was appointed to purchase a protective cover for the piano.

## Pahokee Council Plans Clearing Of Unightly Lots

The Pahokee City Council at a meeting Monday night clamped down on property owners who have allowed their vacant lots in the downtown area to become eyesores of rank vegetation and unsightly debris. City Clerk Clyde Alley was instructed to send letters to the property owners giving them 30 days to clean up these lots. At the end of 30 days after the notice is given if the lots have not been cleaned up the city will hire labor and equipment to do the work and place a lien against the property to make sure it receives payment from the property owners for the expenses involved.

A letter from the Palm Beach County Health Department, read at the meeting, informed the city the toe canal at the foot of the Lake Okeechobee levee is clogged up from one end to the other and the canal's stagnant water constitutes a menace to the health of the community. ## News Notes From State Capital

**TALLAHASSEE** — Plans were going forward here to test in Florida courts the 1951 election laws which some newsmen feel violate the constitutional rights of the citizens to "speak his piece" about a candidate for public office. Officers of the Florida Press Association, here were studying the directive from the association asking that a suit for declaratory judgment be filed at the earliest possible moment to get court interpretation of puzzling features of the law, lifted almost bodily from New Jersey lawbooks without a test case. The Florida Press Association may be joined by other agencies asking clarification of the law.

**TALLAHASSEE** — Forty three members of the Florida Highway Patrol have been graduated from a training class conducted at Eglin Air Force Base, and including advanced work in many phases of traffic control and police work. Major J. Wallace Smith, executive officer of the state patrol, presented the certificates to the patrolmen and to 14 air force and one naval student.

**TALLAHASSEE** — First candidate for governor actually to qualify by putting \$600 on the line is Bralley Odham of Sanford. He paid this amount to Secretary of State R. A. Gray as a qualification fee.

Herein fall not of the allegations of said Bill of Complaint will be taken as confessed by you.

The money was in one dollar bills, collected, he said, from home folks.

**TALLAHASSEE** — The issue of state money for the Haley legislative committee has been given a final, if reluctant burial by the state cabinet. After Comptroller C. M. Gay said he would not issue a state warrant (check) for any Haley investigating committee funds unless the supreme court of Florida okayed it, the cabinet had waited on the opinion previously requested by Governor Warren. The opinion arrived this week, said the state had no authority to spend money for such purposes. Still unanswered is the question of whether the committee itself has any power when the legislature is not in session.

**TALLAHASSEE** — Final talks of his state-wide tour were given by Governor Warren here, winding up with charges that some newspapers, here and elsewhere, have suppressed news of his administration. The governor talked at DeLand and Mayo before the Tallahassee speech, and in each discussed the accomplishments of his administration to date. The executive and his friends have expressed themselves as well pleased with the public's reception to his tour, in which he visited each of the 67 counties with an "account of stewardship."

**TALLAHASSEE** — Ted Smiley has resigned as public relations director for the state beverage department, after paying \$2,143.10 to the state comptroller to settle disputed expense account items. Smiley said he had no plans for the future and the department said it would get another public relations director. Smiley paid the amount "under protest" and declined to go into details on who else may have been involved in the expense statements under question.

**TALLAHASSEE** — One major issue for next spring's primaries began to take shape here as Alto Adams, candidate for governor, labeled the proposed East Coast Turnpike a "pig in a poke" proposal and stated his opposition to it. The turnpike, patterned after other through toll roads in the

United States, has been advocated by State Road Department Chairman Alfred A. McKethan, who has ordered studies made to determine its feasibility. Many small communities along the East Coast have started to oppose it, because through traffic would be routed on the outskirts of some and miles from others.

## Matherly Tells His Views About Russians

**CLEWISTON** — Saying that sooner or later the United States is going to have to do something definite about the Red menace, the dean of business administration at the University of Florida, Walter J. Matherly, outlined seven points for better business before the Florida State Cattlemen's Association convention here. Dean Matherly was introduced by FSCA President Cushman Radebaugh of Orlando.

Additional points of interest of the convention included a tour of Palm Beach and Hendry Counties, pastures and water control facilities and an inspection of Clewiston's famed U. S. Sugar Corporation. Top spot of the pasture tour was the 4,500 acre Sugarland Ranch, operated by the mill under the direction of Sidney Crochet, head of the U. S. Sugar Corporation's beef cattle project.

Other highlights of the meeting featured an address by Loren C. Bromert, president of the American National Cattlemen's Association, election of officers and business sessions that included discussions of the mark and brands law. Tours were also conducted to the Everglades Experiment Station at Belle Glade as well as other Palm Beach County agricultural points of interest.

## Cinematic Chatter

By Malcolm Millar

As soon as Joel McCrea completes his current motion picture role, he will step into the role of Hollywood ambassador and will visit three governors. The actor will call on the head men of New Mexico, Wyoming and Colorado. The popular star will also make some personal appearances and set himself a little more solid with his public, who are already sold on him as one of the best portrayals of the rugged man of the "old West." Robert Keith, who has made such a fine reputation in the movies, flew to New York to sell his home and wind up personal affairs in the east. Keith has decided to settle down in Hollywood. Marion Martin, who appears with Dean Martin and Jerry Lewis in "Sailor Beware", continues to have frequent dates with Stanley Doheny, One of Liz Taylor's old flames. Lana Turner and Cy Howard are certainly getting about together. They are seen nightly in all the famous Hollywood night spots. Ann Dvorak and Alan Nixon, who is Marv Wilson's ex-husband, are holding hands now and speaking to each other softly. Newly weds Janet Leigh and Tony Curtis finally are getting that belated honeymoon. Their picture stunts have been successfully fulfilled and their bosses have notified them they may go on that much thought of honeymoon with their blessing. They are heading for New York and intend to do every good show on Broadway before returning to Hollywood and more picture work. See you at the movies—Mal.

Mr. and Mrs. M. P. Stanley and Mrs. Wiley Tillis were visitors in Miami Tuesday.

## "Fair and Square"

We've just had a political campaign "everywhere" and the light parade to a political ballot box race.

Rusty Robinson, with no campaign funds, planned his Election Eve speech for the Square. Slim McCormick, who owns the Palace movie house, was finishing up his campaign in Pioneer Hall.

Then it began to rain. Rusty's political career was fizzling out in the damp when Slim showed up to say that Robinson people could meet in his theatre—for nothing. "I want to beat Rusty," Slim said,

"but certainly not with rain!"

From where I sit, you've got to give Slim credit for acting on his belief that everyone has a right to be heard—just as everyone has a right to his own opinions and tastes. Maybe you like hot coffee, for instance, when you "take a break." Well, my vote goes for a refreshing glass of beer. After all, we're lucky to be living in a free country where we can have our own preferences!

## Christian Science Group Of Canal Point

That mesmeric, scheming action sponsored by the carnal mind always fails, and that man accepting God's protection is preserved, will be the theme of Christian Science services next Sunday. Subject of the Lesson-Sermon is "ANCIENT AND MODERN NECROMANCY, ALIAS MESMERISM AND HYPNOTISM, DENOUNCED."

The Golden Text is from Proverbs: "Do they not err that devise evil? but mercy and truth shall be to them that devise good" (Prov. 14: 22).

The theme of spiritual awareness will be emphasized in other selections from the Bible, including this one: "Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey: whether of sin unto death, or of obedience unto righteousness?" (Rom. 6: 16).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The baneful effect of evil associates is less seen than felt. The inoculation of evil human thoughts ought to be understood and guarded against" (p. 449).

## Traffic Signal For 4 Points Intersection

Installation of a traffic signal at the intersection of Military Trail and Southern Boulevard was voted this week by the County Commission.

The signal—a stop and go light—will replace the present blinker light at the intersection and will be installed on recommendation of the State Road Department.

Commissioner John Prince of Lake Worth objected to the new light saying that only a few months ago the SRD would not recommend such a traffic signal unless their were law enforcement officers on hand to enforce the traffic regulation. Stop and Go lights at such an intersection, Prince said, would create more of a hazard than the present blinker.

"Instead of tearing up fenders, they will be killing people," Prince declared.

The board however, voted to put in the light and to accept the road board's recommendation based on a six month traffic survey. The survey showed that a total of 401 cars passes the intersection in an eight hour period and that in the past six months, eight traffic accidents have taken place at the spot—more familiarly known as Four Points.

# WE ARE IN STEP WITH THE TIMES

It is no small task to record each week the happenings of any community. We here at The Everglades News are happy that our assignments bring us face to face with hundreds of folks of our community each week. We strive to KEEP IN STEP with what is going on here in this vast agricultural area on the eastern shore of Lake Okeechobee. It gives us a great deal of pleasure to record for you weekly (and for posterity) the happenings of a growing section of Florida. Future generations will thrill when they read of the pioneering efforts of you and your loved ones in establishing a great agricultural empire.

KEEPING IN STEP with the times means that we must be on our toes day in and day out—making an earnest effort to record those things which are interesting, historical, progressive and at times amusing. All such happenings go toward making up a worthwhile and happy community where living is just a mite better than in thousands of other places in America—where your neighbor's smile is just a mite friendlier than is witnessed elsewhere in this great land of ours.

## Miss McKinstry Is Bride Of Richard Lee Tillis

Miss Johanna May McKinstry designed the wedding gown which she wore Sunday, Nov. 25, for her marriage to Richard Lee Tillis, and also designed the gowns for her attendants.

The Rev. Hoke H. Shirley of Pompano Beach read the vows for the double ring ceremony at 4 p. m. at the First Baptist Church in Pahokee. Floor baskets of yellow roses mixed with bird of paradise decorated the altar which was banked with palms and lighted by tapers in five seven-branched candelabra.

The bride, daughter of Mr. and Mrs. Samuel McKinstry, Sr. of Pahokee, was given in marriage by her father. Her gown of white slipper satin and tulle worn over a hoop was designed with fitted bodice and a fold of nylon tulle shirred with seed pearls outlining the sweetheart neckline. The satin paphum, which extended over the three-tiered skirt of nylon tulle, terminated into a long train in the back. Her fingertip veil fell from a coronet of seed-pearls and she wore a braided string of pearls and matching earbobs, a gift of her parents. White nylon gloves completed her costume. She carried a cascade of white orchids fastened to a green shamrock and tied with satin ribbons edged with dainty lace.

Miss Betty Jo Barwick, maid of honor, wore a gown of seafoam green satin fashioned with fitted bodice and sweetheart neckline and a peplum trimmed the full skirt.

Mrs. Earl R. Crossman of Pahokee and Mrs. William W. Rogers of South Bay were the bridesmaids. They wore gowns of iris blue satin designed similarly to that of the maid of honor.

The Misses Nanette Peeples of Orlando and Patsy Batchelor of Pahokee, bridesmaids, wore identical gowns of sunlit yellow satin.

Each of the attendants wore halos of nylon tulle shirred with seed pearls, long nylon gloves and pearl necklaces, the latter, gifts of the bride. They carried bouquets of purple orchids fashioned on a purple satin ring with sprays of tiny vanda orchids.

The flower girls, Laura Rogers, niece of the bride, and Eleanor Anne Burdeshaw, niece of the bridegroom, wore pink tint-lavender satin fashioned with fitted bodice and ruffle insert in full skirt.

The bridegroom, son of Mr. and Mrs. Lonnie Tillis of Pahokee, chose as best man his brother, Melvin Tillis, of Gainesville.

Ushers were William E. McKin-

stry, brother of the bride; John Burdeshaw, brother-in-law of the bridegroom; Frank Tillis, cousin of the bridegroom; and Hueston Connell. Rupert Mock, Jr., cousin of the bride, and Samuel McKinstry, III, her nephew, lighted the tapers and rolled out the carpet for the bridal party.

Miss Louise McClelland of Dover, Fla., cousin of the bridegroom and organist, played a program of nuptial music and accompanied Mrs. Hugh Branch, vocalist, who sang "Always," "Ah, Sweet Mystery of Life," "Because" and "The Lord's Prayer."

Mrs. McKinstry chose for her daughter's wedding a gown of turquoise lace over taffeta with matching accessories and Mrs. Tillis, mother of the bridegroom, a gown of gray crepe. Both wore orchid corsages.

At the reception following the ceremony at the home of the bride's parents receiving with Mr. and Mrs. McKinstry were Mr. and Mrs. Lonnie Tillis, the bridal couple and the attendants.

Red Happiness roses, sweetheart roses and white carnations were used throughout the rooms. The bride's table was laid with a satin cloth decked with satin streamers and sweetheart roses. An arrangement of white carnations, silver candelabra with white lighted tapers and the four-tiered wedding cake topped with wedding bells and a miniature bride and groom completed the table appointments.

Mrs. Rupert Mock and Mrs. Joan E. Cochran, Jr., aunts of the bride; Mrs. William E. McKinstry, her sister-in-law, and Mrs. John Burdeshaw, sister-in-law of the bridegroom, served portions of the cake. Mrs. Murray O. Weeks and Miss Christine Unwin presided at the punch bowl. Mrs. Sadie Barwick and Mrs. Donald Kepp, aunts of the bride, were hostesses in charge of the gifts room. Miss Patsy Geiger was in charge of the bride's book.

Jeannine Mock, cousin of the bride, and Kay Friend played piano selections during the reception. Mrs. Hoke H. Shirley was in charge of wedding arrangements and Mrs. Sadie Barwick, the decorations.

After the reception the bride changed to a yellow suit with matching accessories and a white orchid corsage for the wedding trip to the West Coast following which Mr. and Mrs. Tillis will make their home in the McKinstry Apartments in Pahokee where he is associated with the Hometown Bakery.

## Farm Bureau Has Successful Meeting

ORLANDO — Fifty one county Farm Bureaus were represented here last week-end when the Florida Farm Bureau wound up its business for 1951. Voting delegates and leaders from all sections of the state attended the 10th state convention of the big agricultural organization.

Site of the 1952 convention was not chosen. The Convention decided to allow its board of directors to make the selection at its January meeting.

A highlight of the meeting was the first open-house and inspection of the organization's new \$50,000 state building, located in adjoining Winter Park. The structure was completed earlier this year and has been in full operation since last summer. A quarter-mile police-escorted motorcade took the visiting members from their convention hotel in Orlando to the building six miles away. The Orange County Farm Bureau acted as hosts during the open-house.

The members applauded their national president Allan Kline, who flew down from Chicago to address them. He warned farmers about the socialistic trend in Washington and urged a continued fight against it by the Farm Bureau both on the national, state and county levels.

Paul Thornhill, of Dundee, was officially presented the 1951 Farm Bureau Winn & Lovett \$1,000 college scholarship. He is enrolled at

the University of Florida in Gainesville.

Representatives of Florida's four agricultural youth groups, boys and girls 4-H Club; Future Farmers and Future Homemakers, were among the principal speakers.
